Speakeasy Bar Crawl in Goa

A speakeasy is a bar or nightclub that is hidden or secretive. Originating in the United States during the Prohibition era (1920-1933) when the sale and consumption of alcohol were illegal, these hidden drinking dens are often concealed behind unmarked doors or discreet entrances. (We love how sus these are, perfect for an intimate drinking experience!).

From vintage-inspired decor to innovative cocktails, Goa's speakeasy scene is a haven for those looking to perk up their dine and wine routine.

After 16 transformative years in the financial services sector across the UK, India, and Singapore—including 12 years with Standard Chartered Bank—she made a bold pivot in 2020. I didn't just leave banking; She traded spreadsheets for stills, and numbers for nuanced flavor. Fuelled by a passion for craftsmanship and innovation, she launched Still Distilling Spirits—a startup dedicated to redefining India's spirits landscape through high-quality, homegrown rum.

Highlights:

- **Launched Maka Zai and MESMA**, pioneering the premium rum category in India.
- Now available across **6 states, naval canteens, duty-free outlets**, and **one export market**.
- A **category forerunner**, driving awareness through tastings, trade shows, and masterclasses.
- Built a strong brand portfolio with **three Maka Zai variants** and **MESMA**, designed to engage a broad yet discerning audience.

She's not just building a brand—we're crafting experiences, challenging conventions, and bottling the story of India's craft potential. For her, rum isn't just a spirit—it's a narrative. And she's there to tell it.
